Sensiplan

Sensiplan stands for the symptothermal method of Malteser Arbeitsgruppe NFP. It is a modern, safe and natural form of family planning in which a woman can observe her physical signs of fertility that typically change in the course of the menstrual cycle. Sensiplan can be used to effectively achieve or to avoid a pregnancy, based on the woman's and couple's individual needs.

Goal

The trainees of this Teacher Training Course will be enabled to teach Sensiplan to interested women and couples.

Contents

- Anatomy and physiology
- Fertility and the menstrual cycle
- Sensiplan in normal and special circumstances like after the use of hormonal contraceptives, during menopause and breastfeeding
- Training on the charts
- Educational and psychological aspects of teaching

Target group

This Teacher Training Course refers to interested persons incl. doctors, midwives, nurses, social workers and others who would like to teach Sensiplan.

Preconditions

1. Self-practice of Sensiplan
2. Participation in an induction course prior to the training course (if possible)
3. Profound knowledge of the book "Natural and safe" and the associated workbook (Handbook: <https://www.lehmanns.de/shop/sachbuch-ratgeber/50166809-9781733687812-natural-amp-safe-the-handbook> and Workbook: <https://www.lehmanns.de/shop/medizin-pharmazie/50166918-9781733687836-natural-amp-safe>)
4. At least three observed menstrual cycles preceding the beginning of the course

The schedule

The training is divided into one block of four days being held in Cologne, a three days webinar and one weekend.

The written exam will be on March 20, 2021.

The passing of this examination is the precondition to start with the practical training. The practical training lasts approximately six month in which the trainee has to introduce Sensiplan to three women or couples.

The oral exam will be in September 2021. With the passing of the oral exam a certificate of the Malteser Arbeitsgruppe NFP documents the successful conclusion of the Sensiplan Teacher Training Course.
